Re: Resolution to Establish the Ravalli County Streamside Setback Committee

Dear Commissioners:

The Bitter Root Water Forum (BRWF) is pleased to inform you that our Executive Director, Laurie Riley, will represent the BRWF on the newly established streamside setback committee as outlined in your letter dated April 16, 2007 and Resolution Number 3000.

Thank you for including the Bitter Root Water Forum in this exciting opportunity. We look forward to carrying on the good work we have done over the past 2 years to examine methods of regulating development near streamside corridors and to create a zoning regulation by undertaking a transparent and participatory process.

Sincerely,

Will McDowell, Chairman
Board of Directors

RF.
